

MIGHTY MOMENTS

Code Crew

SCRATCH

When: Thursday, 3:15 – 4:45 pm
Where: Senior Primary Library
Ages: Grades 2 – 6

What will you learn?

Learn how to use Scratch to make: games, animations, simulations, interactive stories, or anything else you can think of! You are also welcome to use any other language or tool!

What's on?

Each term, we spend a week taking apart a computer to learn about its components and how it works!

Our primary goal is to give kids a space where they can flourish!

From 4:15 onwards, children are encouraged to present their creations to the class; parents welcome!

Please note: Students must bring their own devices
